THE WICHITA WEEKLY EAGLE Established in 1872 and for swenty-four years has stood at the head of all Week-lies in the state. There are people in this county who have read it from its first issue and are readers today. Why
do they read it? Simply because they
are after the reliable and latest news
and can only get it through this medium
it has more columns of live reading
than all the Weekles in the county.
Business men are approached daily by
topresentatives and even proprietors of representatives and even proprietors of these local papers with the atereotyped these local papers with the attereotyped expression that they have the largest circulation in the county. Well, we pay the postage. They do not. If they are the local papers they claim they are hard to locate. There have been hundreds of them in the twenty-four years that the Eagle has been in the field and have died as many more must do under their false representation. Tos want a good medium to do your advertising in; you want

tising in; you want

VALUE FOR YOUR MONEY. You want so established medium; you of the Engle; you get more circulation from the Weekly Engle than you can anywhere else. The readers of the Weekly get four times as much live news for loc as they get from the other weekles for \$1.00 and \$1.10. This is the time when price and quantity tell. You can had you can and have as little as we get all you can and pay as little us you can. Therefore the Weekly Engle to the paper for the advertiser and reader
